

Risk Assessment Matrix

Activity:		Date:						
Coach's name:		Location:						
Coach's signature:		Age group:						
Score (1-5)	Location	Group	Coaches	Equipment	Transport	First Aid	Weather	Activity
1	A managed and staffed venue, catering specifically for Rugby League	Whole group with appropriate level of skills and experience	Coach qualified and experienced at or above the level of activity	No equipment or protective clothing required	No transport requirements	Available with immediate access to emergency support	Changes in weather will have no adverse effect on activity	No physical or strenuous activity
2	A managed and staffed venue, that is suitable for Rugby League	Majority of the group with appropriate level of skills and experience	Coach qualified at level of activity	Minimum equipment or protective clothing required	Use of hired coach or public transport	Available with access to emergency services	Changes in weather will have minimal effect on the activity	Light physical activity with no body contact
3	A managed but unstaffed venue suitable for Rugby League	Majority of the group with appropriate level of skills and experience, if closely supervised	Coach qualified but not at level of activity	Some equipment or protective clothing needed, but no training in how to use needed	Regional movement of participants using hired transport	Not available but with immediate access to emergency services	Changes in weather could cause problems if the group is not adequately prepared	Moderate physical activity with some body contact
4	An unmanaged and unstaffed venue suitable for Rugby League	Group with some competence in activity but with little experience	Coach experienced but not at level of activity	Complex or extensive equipment or protective clothing that requires some training	National movement of participants using hired transport	Not available but with access to emergency services	Changes in weather could rapidly cause problems if the group is not adequately experienced or equipped	Strenuous physical activity with high levels of body contact
5	A remote unmanaged and unstaffed venue	Group made up of largely complete novices with no competence or experience	Coach not qualified or experienced at the level of activity	Complex or extensive equipment or protective clothing that requires extensive training	International transportation of participants	Not available with no access to emergency services	Changes in weather could have serious repercussions for the group	Involves participants in or on water of 2m or more from ground
